### LEISURE HOUR CLUB MAKES MERRY

Very few members were absent from the first merry-making last night of the Leisure Hour Club and a most successful and enjoyable session was the result.

The chief feature of the evening was the reading of the "Sky Pilot," by Miss Edith Howe, who pruned the book until the entire story could be read in a short time, and her delineation of the several characters introduced particularly that of Broncho Bill, was most excellent.

A literary test followed in which the guests were requested to name as many writers as possible whose names began with the initial A. M. and S. Mrs. P. B. Ellis was the winner of the lady's prize, her list containing 30 names and Irvin Lewis, with a list of 44 names, captured the gentleman's. Some of the guests were disposed to question Mr. Lewis' right to the prize as he rang in Matthew and Mark as writers, but the protest was overruled and he carried off his reward in triumph. Ice cream and cake were served and a merry time ensued, the members lingering until nearly midnight.

Mrs. J. B. Shonis and Mrs. Frank Pettie are Carson visitors today.

### FURNITURE COMPANY FITTING UP

The new furniture company is hard at work fitting up the new store on south Carson street, near fourth, and will soon be ready for business. The old Reker place is being remodeled to suit the needs of the company and will be a fine store when the improvements have been completed.

### FUNERAL OF JAMES MITCHELL

The funeral of the late James Mitchell, who died here of tuberculosis, took place this morning from the undertaking parlors of C. E. Kitzmeyer, Rev. Don Colegrove of the Methodist church officiating.

Mr. Mitchell was a stranger in this city, having come from Tonopah when in the last stages of the dread disease, which finally mastered him. His brother, Charles Mitchell, is from San Francisco Tuesday morning and took charge of the remains.

Mrs. Frank Corbett and daughter, Miss Tina, have returned to their home in California. They have been the guests of Mrs. Swift.

Miss Feller Cobb departed today for Reno where she will remain several days.

### NEW SALOON ON SOUTH CARSON STREET

William Reker is improving the old Olcovich property on the corner of Carson and Fourth streets and will open a saloon there. This shows more conclusively than anything else the growth of our little city. This section has been gradually going to decay and to all appearances there was no prospect of the Olcovich store ever becoming anything but a mass of ruins; but the steadily increasing population and growth in business enterprises have forced trade to the south end again and the old brick building will be thrown open once more to the sunshine and breezes.

### WILL ERECT MODERN COTTAGES

Senator Brougher will erect ten modern cottages in the spring. If labor were available building would begin at once upon the houses, but it is now impossible to secure labor at any price.

### NEW INDIAN EDITOR

Harry Tucker has entire charge of the print shop this year. Henry Moses who took care of the printing work in former years now works on the Reno Evening Gazette.—New Indian.

### THE CHINESE IMPORTATION ROUSES CITIZENS

EUREKA, Cal., Oct. 4.—The Star-buck Tallant Fish cannery at Port Kenyon agreed today to immediately deport twenty-seven Chinese from Humboldt county and not again attempt to bring Chinese labor into the country. Five hundred workmen convened at Fortuna this morning and demanded a guarantee be given that by 5 o'clock the Chinese would be deported. The directors of the cannery, seeing the determination of the public to eject the Chinese, declared that the cannery management would accede and an order was given to ship the Chinese at once.

Sheriff Lindsay, now at Port Kenyon, will escort the Chinese to Eureka at once. The Chinese will be housed on Woodley Island, Humboldt Bay until the northbound steamer sails. The citizens of Fortuna and the workmen of the county are quiet and orderly. All the saloons in Fortuna are closed.

A committee of Eureka citizens has appointed a vigilance committee to turn in a general fire alarm when a vessel enters Humboldt Bay with Chinese passengers for this port. This action is to prevent any more attempts to bring Chinese or Japanese here.

### CARSON CITY WOMAN MARRIED IN RENO

RENO, Oct. 4.—August Pancera and Louisa Pierini were married yesterday afternoon at 2 o'clock by Rev. Father Tubman at the new parochial residence on West Second street. The bridegroom is a prominent mining man of Tonopah and the bride is one of Carson City's best known and popular young women.

The wedding was a very quiet affair and was witnessed by a few intimate friends of the contracting parties. The couple will leave this evening for an extended tour in California. Later they will return to Nevada and will make Tonopah their home.

The bride is the eldest daughter of Mrs. Raffetto, owner of the Roma Hotel in Carson City. She was the widow of Eugene Pierini of Dayton, and is a most estimable young woman.

### FUNERAL NOTICE

The funeral of the late W. H. Hoopes will take place Friday afternoon, instead of today as announced yesterday, from the residence of J. N. Reid at 2 o'clock.

George D. Oliver and family will return this evening to Hobart Mills.

### STARVATION IN THE VOLGA DISTRICT

BERLIN, Oct. 4.—The Kattawit Zeitung says that as a result of the investigation made in the Volga district, the fact has been established that fearful misery and starvation exists there. Several millions of persons, the paper says, are in a state of semi starvation, and have no means of procuring food; diseases such as typhoid fever are wide spread and peasant disorders have occurred in many districts.

### HONEST AFTER ALL

A few weeks ago Edward Higgins, a member of the Nevada Press Company's force, left town suddenly, leaving behind him many mourning creditors who never expected to hear from him again; but now he sends word that he will pay a indebtedness. All the honest men are not yet dead.

### WORK PROGRESSING SLOWLY

Doctor Cavell is having a serious time with his new cottage which he is particularly anxious to have completed soon. Workmen are a missing quantity, not only in Carson City but all over the coast as well, and work on his bungalow progresses slowly.

### REBELS LAYING DOWN ARMS

HAVANA, Oct. 4.—The alacrity with which rebels are laying down their arms to the commission appointed to superintend the important phase of the termination of the revolution, is the greatest surprise the provincial government has yet encountered in its smooth working program. This operation is now well under way in the vicinity of Havana, 700 of Guerra's men, with their horses, having already been entrained for Finar Del Rio, while one brigade marched to Guanajay today without a sign of disorder.

### TRANSPORT THOMAS ON FIRE

MANILA, Oct. 4.—The transport Thomas is on fire. The fire originated in the hold, where there are 6,500 bales of hay. The flames have spread to the bunkers. The hold of the vessel has been flooded. It is thought that the only hope of saving the vessel is in sinking her. The water at her dock is shallow.

Miss Christina Klotz drove down from Genoa this morning, returning this afternoon.

Mrs. E. S. Christian and Miss Emma Anderson returned this morning from a visit with Reno friends.

Christian Yager, of El Paso, Texas, is the guest of his brother, Christopher Yager of this city.

Andrew Bain of El Paso is registered at the Arlington.

W. H. Nicholson, who registers from Chicago, U. S. A. is stopping at the Arlington.

B. C. Conlin, an Oakland citizen, is stopping at the Hotel Arlington.

### FOR HOLIDAY GIFTS

There are few gifts as acceptable to your friends as a book. One of the best books for children this year is Philip Verrill Mighels "Crystal Scepter," and those who desire to get a copy for their young friends can go so by leaving your order with Miss Annie H. Martin. In fact, she can obtain for you any of Mr. Mighels' books and his latest story, "Little Dunny Weaver," which immortalizes the old lumber flume near Carson City, and is said to be one of the best he has written.

### EMERALDS SMUGGLED

NEW YORK, Oct. 4.—Three hundred emeralds, valued at \$2,000 were found concealed about the person of Manuel Suarez, a Spaniard, who arrived on the steamer Oceanic from Liverpool. He had declared that he brought no dutiable goods. Suarez was arrested and the gems seized by the custom inspectors.

### TO IMPROVE SHAW'S

The contract has been let for the improvement of Shaw's hot springs and a large force of workmen has already been put to work. The building, as described in the summer, will be erected and the resort will then be able to bid for patrons that have been visiting other places.

The curative properties of the water are well known all over the coast and the springs have long been popular with all travelers in this section of the world. The lack of proper accommodations in the past has mitigated against the springs in a measure, but ample room and modern conveniences will attract more guests than ever.

Frank McCullough, Jr., came over from Hobart Mills yesterday morning to attend the funeral of his great aunt, Miss Wingate, and returned last evening.

Mrs. M. Flinn of Reno, is in this city on business connected with the Roosevelt hospital in Reno.

Another building is necessary for the installing of more machinery for the Nevada Press company and work has already been commenced upon it. This is the fourth increase in room since the incorporation of the company. It certainly is "going some."

Surveyors have gone to the end of the V. and T. Extension and the probability is that the road will be extended to Masonic.

The Tahoe and Truckee railroad will be made standard gauge shortly.

James Howard killed a large lynx near Lakeview yesterday. It weighed 25 pounds and measured 32 inches from tip to tip.

### DINING ROOM CLOSED

The dining room at Shaw's Springs has been closed to the public until further notice as it is impossible to accommodate outside guests until the new building is completed. Baths may be secured as before.

### WARNING TO HUNTERS

I hereby warn any and all hunters that hunting upon any portion of the Cook ranch is positively forbidden. Anyone trespassing upon the grounds will be subject to a fine of \$20.

Mrs. Walter Cook.

### ESCAPED FROM ASYLUM

RENO, Oct. 4.—An old trusty named Foster, confined at the Nevada insane asylum, escaped from the asylum grounds last Sunday night and is still missing. He was sent to the asylum from Esmeralda county about a year ago and Dr. Gibson says he is perfectly harmless. It is the opinion of the authorities that he is trying to make his way into the southern country once more. The matter has been kept very quiet but Dr. Gibson says that asylum authorities have been searching for him ever since his escape.

The National Guard of Virginia City will give one of their popular masquerades October 26.

William Cobb and wife were arrivals yesterday from Verdi. Their mission was to attend the funeral of the late Harriet Wingate.

The Reno street car system was not involved in the recent sale of the power and light line and the system may be purchased by Reno people.

Miss Ruby Kermee arrived this morning from Reno and is a guest at the Arlington.

Clara Clemens, daughter of Mark Twain, has made a decided hit on the operatic stage in London. She possesses a magnificent contralto voice.

Another skeleton has been found on the shore of Washoe Lake.

Miss Marian Grant arrived last evening from Sodaville. She is suffering from a severe attack of rheumatism but hopes to gain relief here.

### DANCE AT EMPIRE

The young ladies of Empire will give a social dance at Wiggins' Hall October 5th, Friday evening, and all are invited to attend. The Dempsey orchestra will furnish the music.

### SAVE MONEY ON PIANOS

J. D. Mariner is in this city in the interest of the Mohlin and Sons, and Sohmer pianos. Mr. Mariner ships direct from the factory. Can save you \$150 on a high grade piano.

Address Reno.

WANTED—Five girls to operate Remington typewriting machines. Steady work. Good wages.

Nevada Investment Co.

### PROJECT ABANDONED

RENO, Nev., Oct. 4.—The Reno syndicate which began the erection of a large, four-room, single-story building on second street, at the approach of a passenger bridge leading from a select residence section on the south side, in which it is expected to concentrate the tenderloin district, has announced that it will use the building for a tenement.

Public opinion was so strong against the ill-chosen location for the immoral house that the owners feared endless prosecution as well as social ostracism.

### INDIANS FAIL TO MAKE GOOD

ALTURAS, Oct. 4.—The N. C. O. railroad, in its extension from Made line north to Likely, this county, has been using Indians as laborers on its grade work. The company has been forced to this because of the great difficulty in securing men. The natives are said not to be an unqualified success as railroad builders and to not "stay with the job" any better than their itinerant white co-laborers. It is reported that ties and rails will be laid over the entire distance over which the grade has been made and that the company will make a new terminal for stock shipments this fall.

### MILLINERY. MILLINERY

Mrs. Henry Morrison of Reno will be in Carson City Monday and Tuesday with a full line of the sweetest hats ever brought to town, and she invites the ladies to call and inspect these creations of the milliner's art. The hats will be on inspection at Mrs. J. H. Cowings', 810 north Curry street, and Mrs. Morrison will be on hand to personally superintend the display.
